

Physical Education

Games For Understanding

Unit Purpose

The unit of work will develop pupils' ability to apply the principles of **attack** vs **defence**, with a particular focus on creating simple **attacking tactics** in order to move the ball up the court, creating an attack that results in a shooting opportunity.

Inspire Me

Did you know... that American football teams use one set of players when they are attacking and a different set of players when they are defending. They even have a player whose role is only to kick the ball.

Key Success Criteria

- P** Pupils will be able to run and stay in a space, changing direction and speed to avoid the defenders. When defending, pupils will successfully make a tag.
- C** Pupils will start to create and apply simple tactics for attacking and defending. Pupils will develop an understanding of why rules are important in a game.
- S** Pupils will develop life skills such as empathy and fairness as they collaborate with their own team and the opposing team to ensure they play the games fairly.
- W** Pupils will continue to develop and apply honesty as they play by the rules and keep the score.

Vocabulary for Learning

Attacker: We are considered an 'attacker' when we or our team are in possession of the ball or we are trying to avoid a defender to score a point. The aiming of the game for the attackers is to score as many points as possible.

Defender: We are considered a 'defender' when we are not in possession of the ball or we are trying to tag an attacker. The aim of the game for the defenders is to prevent the opposition (attackers) from scoring.

Space: is an open area on the pitch that is unoccupied by a defender or the defending team. The attackers need to identify an open space to run into to avoid being tagged by a defender.

Sport Specific Vocabulary

Rules: are a set of regulations or principles that govern a particular activity that ensures that the activity is played fairly and safely.

Tactics: Tactics are a carefully planned set of actions that are used by a team or an individual to attain a certain goal.

Team: A team is a group of people who work together with the objective of achieving the same a goal.

Creativity

Fairness

Transition to Year 2

Understanding the transition between attack and defense

Defending as a team

Attacking as a team

Understand the principles of attack

Understand the principles of defense

Empathy

Curiosity

Honesty

Apply attacking principles

Apply defensive principles

Consolidate attacking and defending
