

Foundation 2 Summer 1 2026 Newsletter

Hello, welcome back, we hope you all had a lovely Easter break. We are all looking forward to the summer term and have some great things planned in the foundation unit, which we hope all the children will enjoy!

P.E

Just a reminder that all children need to have their PE kit in a bag with everything named. The PE sessions are held once a week on a Wednesday. We keep the P.E kits in school and will be returning them at the end of each half term. Please support your child to practice dressing and undressing at home.

Reading

The children will be given a reading book which matches the phonics level they are at. The reading books are sent home on a Monday and **MUST** be returned on a Thursday. They should be in school **EVERY** day along with the reading diary. We will also send a picture book on a Friday for you to share with your child, also to be returned the following week.

Please read with your child at home as often as you can and make a note or put a smiley face in their diaries.

Theme

In theme this term we will be looking at fiction and non-fiction books surrounding the summer season, we look at what we might find in our gardens and the things that grow. We will be looking at books such as Jack and the

Beanstalk, Finn's Garden Friends and My Tree

Writing

The children are practising writing their names, CVC words, such as cat and dog, simple sentences or captions, please support them with this. Can they hold a three or four word sentence in their head and then write it down using their phonics knowledge.

Number

In number we will recap the numerals 0-10 and are starting to focus on numbers to 20 and beyond. We will be adding, taking away & sharing. We do this practically with lots of objects. You can help at home with similar activities when you are baking or shopping.

Water Bottles

Don't forget to bring a named water bottle containing **ONLY** water. This should be taken home each day and cleaned.

Thank You!

Thank you for your continued support, you can talk to any member of the team before or after school.

Foundation Team.

Attendance

It is important your child comes to school every day so they can continue to make progress with their learning. Missing school does mean your child can fall behind and it can be difficult to catch up. If your child needs medicine during the day, please speak to the school office who can complete forms and help make arrangements. Coughs and colds are normal and these should not prevent children coming to school on a regular basis. Please speak to the school office who can assist if you have queries over absence.
