

Berridge Home Learning Challenge

How can we have a positive effect on our local environment?

Create: Create something useful/artistic from recyclable materials.

Research: Find out about birds that you might see in a garden, park or even at school. Create an information sheet about some of them. This website might be useful.

[wildlife-gardening](#)

Survey: Survey and record any mini-beasts or other wildlife that you can see in your garden or yard or around your home! Can you record your findings on a tally chart?
