

## Year 2 Home Learning Challenges.

Choose your challenge!

Our current topic is 'How can I stay warm and dry?' We are focusing our work on materials and their properties. Here are some activities you can do at home. Please bring in your work or email some photos to us

Learning challenge 1- Choose a material to research more about at home. Make a quiz for your teacher!

Learning challenge 2- Build a den for a teddy bear to keep it protected from the sun and rain.

Learning challenge 3- Be a materials detective! Hunt around your home for items made from plastic. Write or draw the items you find.
