

Year 2 Home Learning Challenges.

Choose your challenge!

Our current topic is 'Could I be an explorer like Neil Armstrong?' We are focusing our work on different explorers as well as studying plants. Here are some activities you can do at home. **Please bring in your work or send photos to year2@berridge.nottingham.sch.uk.**

Draw a picture of Neil Armstrong on the moon or create a model of a space vehicle.

Write some questions for the first British astronaut, Helen Sharman. What will you ask her?

Research another explorer. It could be somebody who has been into space, or somebody who has travelled anywhere in the world.

[BBC Bitesize- exciting explorers](#)
