Aim of the game: To do as many claps as you can between throwing a ball / object in the air and then catching it

How to play: You'll need to be outside to do this challenge to make sure you can throw in the air! Start by tossing a tennis ball (or similar object like a screwed up pair of socks). While it is in the air, clap your hands once then catch the ball/object. Next throw the ball/object again and this time try 2 claps before catching. Keep repeating this process adding extra claps each time, can you get to 5 or even more?!!
